DETAILED ACTION

Conclusion

1. This application is in condition for allowance except for the following formal matters:

The page having the drawings of the four compounds I – IV are not designated to be a part of the drawings, or a part of the specification since it does not possess a figure number or a page number. Furthermore, although the experimental section refers to the compounds III and IV as compounds 3 and 4 in the figures (such should be designated III and IV, or vice versa to be consistent), this page is not described in the brief description of the drawings on page 8. Applicant should either incorporate the figures in the specification, the drawings or delete the figures, whichever is deemed appropriate..

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
